Bunch of Keys.

A bunch of keys has been found on the road. The owner can recover them by calling at THE SUN office.

"Moore Gazette."

The Moore Gazette entered its third year of existence with its last issue. It is a live little paper and deserves proper encouragement.

Improvements.

Our city authorities have at last had erected, in front of the old Guard House, a shed for the Engine, Hook, Ladder, Buckets and Truck belonging to the Fire Department. This is a move in the right direction. It has already been neglected too long.

Daily Patriot.

Capt. John B. Hussey, the able editor of the Greensboro Patriot will begin the publication of The Daily Patriot, "a red hot campaign paper" on September 15th. Capt. Hussey is a fine writer and will publish a live paper. We wish him every success.

New Crop.

New cotton is coming into market right fast. We trust the farmers may get a good price for it, and remember while they are in funds that the modest bill of THE SUN is due. We sent out a number of bills this week which we trust will be honored at the earliest possible moment.

Baptism.

Rev. J. G. Fisher, has called and requested us to state, that he is the minister who administered Baptism at Smith's pond in Cedar Creek Township, on Sunday, August 17th, and that as far as he knows, no one objected to the Baptism being administered at any other pond.

Died.

Mary Louise infant daughter of Dr. J. W. McNeill, yesterday (September 15th) at 12 o'clock M.

The remains will leave the residence of Dr. McNeill this afternoon at 4 o'clock, for the cemetery where they will receive burial.

Sickness.

Owing to sickness, Col. W. J. Green has been prevented from filling his appointments to speak in Harnett county.

This notification would have been given to the public last week but reached us too late for publication. To insure insertion all matter must be handed in by 12 o'clock every Monday.

A New Magazine.

We have received the first number of Novitzky's Monthly a Tar Heel Magazine. We gladly place it on our exchange list, and wish it abundant success. It is edited and published by G. J. Novitzky, Raleigh, N. C. Subscription price \$1.25 per year; single copy 15 cents. We have looked over its contents and believe it to be worthy of the patronage of our people.

The two stores of Major McKethan, and the one of Messrs. Rose & Leak on Hay street are rapidly approaching completion and will have their new iron fronts present quite a fine appearance.

The buildings of Mr. McNatt on Gillespie street will soon be finished and will add very materially to the beauty of our town. We wish more like them were being erected.

Court Week.

Our Superior Court meets here on the 14th Monday after the 3rd Monday in August. When sifted down to common sense it will meet on Monday November 24th 1884.

Fire.

On Sunday night 11th inst at about 8 o'clock, the residence of Hon. Geo. M. Rose on Haymount was discovered to be in flames, and was entirely consumed. The fire had fastened two well upon it before it was observed. The origin of the fire is supposed to have been from a defective due in the chimney in the house caught on the top. The furniture was about all saved. The property was insured for \$2,500.

Temperature.

A thermometer is kept hanging in THE SUN office, and every day at noon the temperature of the atmosphere is noted. Below we give the degrees from day to day:

Tuesday, Sept'r	9th, 89 degrees.
Wednesday, "	10th, 86 "
Thursday, "	11th, 84 "
Friday, "	12th, 79 "
Saturday, "	13th, 78 "
Monday, "	15th, 74 "

Fine Stock.

Last week we were shown a colt by Mr. H. P. Davis which measured fourteen hands high, and was well proportioned, being only six months old.

Mr. Davis says he has raised several horses and mules and that they cost no more to feed when young than a calf. That he turns the colt in the field every day with the calves and that it keeps fat on the same feed that they eat.

Thief Captured.

Joe McGougan, a colored man was arrested and brought before Justice Williamson, for the larceny of a watch and pistol from Mr. J. D. McFadyen, on last Saturday morning. A search resulted in finding not only Mr. McFadyen's pistol and watch, but also two other pistols and a razor. He was committed to jail in default of bail. Deputy Sheriff Byrd and Town Marshal Hale had been on the lookout for the thief for some time. Another hand for the railroad.

Good Rains.

The specks of cloud which had been hovering about the horizon for several days began to condense early Thursday morning, culminating in rain about nine o'clock. The thirsty earth had long been waiting, and the light misty shower was hailed with joy by all. Although this rain will prove of great benefit in many ways it cannot in a full measure restore the deficiency in the crop yield of this season caused by the long continued dry spell of August and September.

Electric Light.

We called on Dr. T. M. Hunter, of our city a few days ago and were shown some of his new apparatus for dental work. It was a rare treat to us as we are passionately fond of fine mechanism. We will not attempt to describe the instruments that the Doctor showed us but merely mention the electric light which he generates with a battery, and which can be placed in any part of the mouth so that he can see all parts of it distinctly. It is certainly a step in advance.

Religions.

Rev. Mr. Lucy of Jonesboro, will preach for the Presbyterian congregation at this place on Sunday next, 21st inst., at the usual hour for services. The Sunday School Convention of the Fayetteville Presbytery will assemble at Rockfish Church, on today Tuesday 19th inst.

Fayetteville Presbytery meets at Galatia Church in this county on Thursday the 18th inst.

The weather now is fine and we hope it may continue so, as it will add very much to the pleasure of these occasions.

Club Meeting.

Notwithstanding the inclemency of the weather, quite a large number of persons met at the Market House last Friday night for the purpose of organizing a Democratic Campaign Club. Short and stirring speeches were made by different gentlemen, and the best of feeling and prevailed. A committee was appointed to select permanent officers with instructions to report at a meeting to be had Wednesday night the 17th. Every Democrat in Cross Creek Township should attend the next meeting and take part in the permanent organization. Some good speeches will be made.

Bladen Politics.

Our Democratic Bladen friends have held their nominating County Convention and made the following nominations:

For representative, Maj. T. D. Love, Jr.; for sheriff, L. J. Hall; for register of deeds, A. M. McNeill; for county treasurer, John M. Benton; for county surveyor, James F. Gillespie; for coroner, Dr. W. K. Andres.

The above are the present county officers, except the coroner, who is a new nominee.

The convention acted wisely in the selection of its candidates, and we expect to see every one of them elected. We hope that our friends in Bladen will continue to send us news items and political points. As they have no newspaper of their own THE SUN will take great pleasure in publishing their news both general and local. We have now a very large number of subscribers in that county, and it would afford us pleasure to add more of its good names to our list.

Signs of Prosperity.

We are glad to see that many of our business managers have gone North to lay in their usual large and well selected stocks of goods to meet the demand that must be supplied. Among those now North are Col. J. A. Penberton, F. W. Thornton, M. E. Dye, Miss Mary and Miss Caro Smith, G. Rosenthal, R. H. Tomlinson, R. W. Thornton, Col. J. B. Starr, H. R. Novitzky, and others are expected to go. This is unmistakable evidence, that our county and neighboring counties are growing in wealth which may be laudably attributed to their industry which is unequalled, and their natural resources which are unsurpassed, in fine lands, and convenient markets. They make money and can afford to spend it.

the Insane's Archer.

Last Friday morning Mr. D. G. McMillan of this town lost his little son Bruce aged nine years, an aggravated case of diphtheria being the cause. Yesterday morning a little daughter of his aged six years was carried off by the same fell disease. This is a heavy loss to fond parents who see the little blossoms which they have watched with so much care and solicitude, and which have filled so much space in their affections, taken away. But there is a last God who presides over our destinies and who knows better than we, what is good for us. The funeral of the little girl will take place to-day at 10 o'clock, from the Presbyterian Church. Friends are invited to attend.

The Jetties.

We have been rather misunderstood in regard to our local of last week touching the work now going on in the Cape Fear River. This work is being carried on here under the supervision of two able reliable river men, Capt. W. H. Flowers, who is in charge of the crew at work and Capt. J. E. Flowers in charge of the Government Steamer both of whom are the right men for the positions they fill, and no more competent ones could be found. They are, according to our ideas, doing their full duty. But the work, from what we can learn has so far failed to accomplish its object. It may, however, in the future effect the channel of the river as is desired.

Personal.

Miss Lola Hart, one of Wilmington's fair daughters and Miss Fannie McKee a beautiful and accomplished belle of Red Bluff, S. C., are visiting Miss Belle Alderman. We feel sure that the ladies will have a pleasant sojourn at the Colonel's as every one who ever stopped there have left delighted with their stay.

Mr. Hasten Poe, a native of Fayetteville, but now a resident of Raleigh, was in the city last week. He is in the employ of the Southern Express Company, and is very popular with the company.

NAVAL STORES.

The paper above named from Asheville has reached Tm. S. N. office, and been properly enrolled upon our list of exchanges. The editor of the above named paper labors in a "three quarter" editorial to explain the origin of this strange word, and winds up by saying that it was discovered years ago by two travelers from North Carolina to the ruins of the tower of Babel, encased in two coffins among a lot of corn whiskey, in the midst of which lay a dead man. We believe in patronizing home institutions, and a North Carolina name is good enough for us. We act on the same principle that the colored man did who came to our office some time ago and asked why it was that the Presidents of the United States were all selected from among strangers? that he thought some one could be found nearer home who would answer. However there is nothing in a name, and if the Editor wishes to use its best endeavors to expose the abuses of Radicalism in North Carolina, and aid the Democracy in support of honest government it can accomplish much good notwithstanding its crooked name.

FOR THE NEW DAY.

On the Broadest Base yet Laid in North Carolina.

The STATE CHRONICLE (weekly) which closed its first year September 15, has been the most successful newspaper enterprise in the State. It goes into 35 counties and has the largest home advertising patronage enjoyed by any State newspaper.

THE DAILY CHRONICLE will begin its career on September 15. It has come to stay. The CHRONICLE Publishing Company, which now owns both papers, has an authorized capital of \$25,000 and is composed of 27 of the most progressive men in North Carolina—from Asheville to Wilmington. It will be conducted as the needs of the new day in North Carolina demand—lively, progressive, clean.

The conduct of both daily and weekly will be in the same hands that have hitherto made the weekly.

DAILY—\$5 a year, \$25 for 6 months. WEEKLY—(again to be enlarged) \$2 a year; \$1 for 6 months.
